

Your Home and Your People original art work

Description, what to provide and terms and conditions

You need to supply:

- photos of the people you wish to be included. Digital photos can be emailed to me at kate@parsonscreative.co.uk. I can also scan printed photos for inclusion in your art work, and return them to you undamaged. I will contact you to discuss any photos where the image is unclear or too small to be included in the art work.
Photos of people can appear in natural colour, in black and white or as colourised (tinted) black and white photos.
- a clear photo of the building as reference for the drawing.

Each building is hand-drawn on a digital drawing tablet and is my artistic interpretation of the property, with photos of 'your people' collaged into the art work. An example of the style is shown on my marketing materials and at www.parsonscreative.co.uk/client/your-place-your-people-house-portraits.

Your art work is unique, and supplied as: one framed and mounted print, plus two additional prints at a cost of £300 exclusive of any postage and packaging costs. I will deliver your art work in person, and free of charge, within a 15 mile radius of central Swindon (SN1). Each is signed and monogrammed unless otherwise requested. The art work size is approximately 37 x 27cm, and the frame size approx. 43 x 53cm.

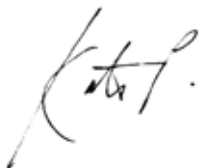

Variations in art work size and composition may be possible, please contact me to discuss.

Before starting work I require written confirmation that you wish to commission me to create an art work (a 'work order'). This can be an email, letter, or purchase order and should include your name and contact details including your postal address. Please include any specific wishes in your work order, including any text you wish to have included as a title to the work. Your work order confirms that you accept that the art work provided will be a work of art, with all elements – the composition, technique, rendering and interpretation, my decision. I cannot be held responsible for differences of artistic interpretation and artistic decisions remain with me.

I can usually create your art work within 10 days of receipt of your work order. I will contact you should this not be possible for any reason and let you have a date for completion.

The prints are passed to you as works of art and may not be reproduced in any form for other purposes such as marketing. Copyright is an automatic right given in law to the creator. I may show your art work as part of my portfolio, but will never sell any reproduction of your work.

Payment will be invoiced and is due immediately on receipt of the art work.
